

Five Point Announces Pricing Terms of Cash Tender Offer for Any and All Outstanding 10.500% Initial Rate Senior Notes Due 2028

September 19, 2025

IRVINE, Calif.--(BUSINESS WIRE)-- Five Point Holdings, LLC (“Five Point”) (NYSE: FPH) announced today the pricing terms of the previously announced cash tender offer (the “Offer”) to purchase any and all of the outstanding 10.500% Initial Rate Senior Notes due 2028 (the “Notes”), co-issued by Five Point Operating Company, LP, a Delaware limited partnership, and Five Point Capital Corp., a Delaware corporation (each, an “Offeror” and together, the “Offerors”). The Offer is made pursuant to an Offer to Purchase and a related Notice of Guaranteed Delivery, each dated September 15, 2025, which set forth the complete terms and conditions of the Offer.

Certain information regarding the Notes and the terms of the Offer is summarized in the table below.

Issuers	Title of Security	CUSIP Numbers ⁽²⁾	Principal Amount Outstanding	U.S. Treasury Reference Security	Reference Yield	E F
Five Point Operating Company, LP and Five Point	10.500% Initial Rate Senior Notes due 2028 ⁽¹⁾	33834Y AB4 / U33825 AC1	\$523,494,301	4.500% UST due 11/15/2025	4.140%	

(1) The Notes are callable at a redemption price of 100.000% of the principal amount thereof, plus accrued and unpaid interest, starting on November 15, 2025.

(2) No representation is made as to the correctness or accuracy of the CUSIP numbers listed in this press release or printed on the Notes. They are provided solely for the convenience of holders of the Notes.

The purchase price for each \$1,000 principal amount of Notes validly tendered (the "Purchase Price"), and not validly withdrawn, and accepted for purchase pursuant to the Offer was determined in the manner described in the Offer to Purchase by reference to the fixed spread specified above, plus the yield based on the average of the bid and offered-side price of the U.S. Treasury Reference Security specified above, as quoted on the Bloomberg Bond Trader FIT3 series of pages at 2:00 p.m., New York City time, on September 19, 2025, the date on which the Offer is currently scheduled to expire. The Purchase Price was based on a yield to November 15, 2025, the date of the next specified redemption price reduction under the indenture governing the Notes, and assuming the Notes are redeemed on November 15, 2025, at the specified redemption price for such date of 100.000% of the principal amount, as described in the Offer to Purchase.

In addition to the Purchase Price, holders whose Notes are purchased pursuant to the Offer will also receive accrued and unpaid interest thereon from the last interest payment date up to, but not including, the payment date for the Offer, which is expected to be September 25, 2025, assuming the Offer is not extended or earlier terminated.

The Offer is scheduled to expire at 5:00 p.m., New York City time, on September 19, 2025, unless extended or earlier terminated as described in the Offer to Purchase (such time and date, as they may be extended, the "Expiration Time"). Tendered Notes may be validly withdrawn at any time (i) prior to the earlier of (x) the Expiration Time and (y) if the Offer is extended, the tenth business day after

commencement of the Offer, and (ii) after the 60th business day after the commencement of the Offer, if for any reason the Offer has not been consummated within 60 business days after commencement. Holders of Notes must validly tender and not validly withdraw their Notes (or comply with the procedures for guaranteed delivery) before the Expiration Time to be eligible to receive the consideration for their Notes. Delivery of Notes pursuant to the guaranteed delivery procedures must be made no later than 5:00 p.m., New York City time, on September 23, 2025, unless the Expiration Time is extended.

There can be no assurance that any Notes will be purchased. The Offer is conditioned upon the satisfaction of certain conditions. The Offer is not conditioned on any minimum amount of Notes being tendered. The Offerors expect to pay for the Notes purchased in the Offer with the proceeds from the contemporaneous senior notes offering and cash on the balance sheet.

To the extent the Offer is completed but we purchase less than all of the Notes in the Offer, on or shortly after the settlement date, we intend to (i) issue a notice of redemption to redeem, before or on November 15, 2025, any Notes that remain outstanding, (ii) satisfy and discharge our obligations under the Notes and the indenture governing the Notes by depositing with the trustee for the Notes, in trust, solely for the benefit of the holders of the Notes, U.S. legal tender, U.S. government obligations, or a combination thereof, in such amounts as would be sufficient to pay the principal of, and premium and interest on, the Notes to the redemption date (collectively, the “Redemption”), or (iii) pursue any combination of the foregoing. The Offer may be amended, extended, terminated or withdrawn as set forth in the Offer to Purchase. There is no assurance that the Offer will be subscribed for in any amount.
